Rahma Chriha

Software Engineer — Full Stack Developer

Sahloul, Sousse, Tunisia | +216 54 669 911 | Rahmach1222@gmail.com | github.com/rahmach12 | linkedin.com/in/rahmach | rahmachriha-portfolio.vercel.app

PROFILE

Recently graduated Software Engineer specialized in Full Stack development (web & mobile). Curious, independent, and thorough, I am looking for a first professional opportunity to apply my technical skills to innovative projects.

TECHNICAL SKILLS

Languages : PHP, Java, JavaScript, Python, SQL
Frameworks & Libraries : Laravel, React.js, Spring Boot, Flutter, Angular, Tailwind CSS
Databases : MySQL, PostgreSQL, MongoDB
Data & BI : Power BI, ETL, SQL, EDA (Exploratory Data Analysis)
Tools & DevOps : Git, GitHub, Docker, Figma, VS Code
Concepts : REST API, MVC, OOP, UML, Agile

EDUCATION

National Engineering Degree in Computer Science **2023 – 2026**
EPI Digital School — Sousse, Tunisia

Bachelor's Degree in Computer Science — Big Data **2019 – 2023**
ISIMS — Sfax, Tunisia

Baccalaureate in Experimental Sciences **2019**
Lycée Ibn Rochd — Chebba

EXPERIENCE & PROJECTS

EduFlow CRM — Smart School Management Platform **2026**
Terraform Group

- Designed and developed a CRM platform for the complete management of an educational institution: students, teachers, grades, attendance, internships, and finances.
- Implemented secure authentication with role management, real-time notifications, and automatic PDF document generation.
- Designed interactive dashboards and a REST API architecture for all modules.

Technologies : Laravel, React.js, Tailwind CSS, MySQL, Docker, REST API, JWT

EduFlow — E-learning Platform (Microservices Architecture) **2025 – 2026**
EPI Digital School — Academic Project

- Designed an e-learning platform based on a microservices architecture: API Gateway, service discovery (Eureka), and centralized configuration.
- Developed independent business services: authentication, user management, course catalog, enrollments, and payments.
- Implemented inter-service communication (OpenFeign) and secure JWT-based authentication.

Technologies : Spring Boot, Spring Cloud (Eureka, Gateway, Config Server), Angular, MySQL, Docker, JWT

Business Intelligence Dashboard **2025**
EPI Digital School

- Carried out end-to-end data analysis projects, from collection to reporting, to produce actionable insights.
- Designed interactive Power BI dashboards built on ETL processes and SQL queries.

Technologies : Power BI, SQL, ETL, EDA

Revive Hub — Healthcare Products & Services E-commerce Platform **2024**

Revive Hub Consulting — Internship, Full Stack Developer

- Developed an e-commerce platform dedicated to healthcare products and services, with three user spaces: administrator, client, and health professional.
- Designed the catalog (products, categories, services, R&D projects) as well as the cart, checkout, and promotions flows.
- Implemented token-based authentication with Laravel Sanctum and secured API routes by role.
- Built the backend with Laravel (REST API) and the frontend with React, TypeScript, and Vite.

Technologies : Laravel, React.js, TypeScript, Vite, MySQL, Laravel Sanctum, REST API

Recruitment Management Application **2023**

Elite Council Consulting

- Designed and developed a two-part application (web and mobile) to digitize the recruitment process, from job posting creation to online application management.
- Developed the backend and API with Laravel, and the mobile application with Flutter.

Technologies : Laravel, Flutter, MySQL

Food Ordering & Delivery Website **2022**

MOBELITE

- Developed a complete restaurant website including a menu management system and real-time order tracking.
- Implemented the back-office and business logic in PHP, with a MySQL database.

Technologies : PHP, JavaScript, HTML/CSS, MySQL

CERTIFICATIONS

AWS — Cloud Services & Infrastructure | Cisco CCNA 1 — Networking Basics | Cisco CCNA 2 — Networking & Routing | TOEIC — Test of English for International Communication

LANGUAGES

Arabic — Native | French — Fluent | English — Professional

SOFT SKILLS

Analytical thinking, problem solving, teamwork, organizational skills, communication, adaptability, autonomy, fast learning.
